We don't need, anything or anyone

Would you lie with me and
just forget the world**

Those three words, I said too much
But not enough***

Would you lie with me and just forget the

Forget what were told, before we get too old
show me a garden that's bursting in to life***

***Let's waste time Chasing cars around our heads
I need your grace to remind me to find my own***

Would you lie with me and
just forget the world**

show me a garden that's bursting in to life***

Is here in your perfect eyes,
they're all I can see***

confused about how as well
Just know that these things will never
Change for us at all***
